

University of Ferrara

1st Masterclass on Robotic Ventral Mesh Rectopexy

Under the Patronage of

Organizing Committee

Nicola de' Angelis, Simona Ascanelli, Carlo Alberto Schiena

Robotic and Minimally Invasive Digestive Surgery Unit University Hospital Ferrara, Italy

Conference Secretariat

Martina Rimondo, Federica Fiorentini

Training and Updating Office, University Hospital Ferrara, Italy

23rd and 24th January 2025

**Auditorium
Arcispedale Sant'Anna**

University Hospital of Ferrara, Aldo Moro 8, **Cona**, Ferrara, Italy

Free registration (online or on site)

23rd January 2025

14-19

Precongress Course with live robotic ventral mesh procedures

Moderator: **Carlo Ratto**

Sant'Anna Hospital, Ferrara (**Nicola de' Angelis, Simona Ascanelli**)
San Raffaele Hospital, Milano (**Pierpaolo Sileri**)

24rd January 2025

8:30 Welcome and greetings from the authorities

Direttrice Sanitaria Azienda Ospedaliero-Universitaria, Azienda Sanitaria Locale Ferrara, **Giuliana Fabbri**
Direttore Dipartimento Chirurgico Azienda Ospedaliero-Universitaria, Azienda Sanitaria Locale Ferrara, **Carlo Feo**

Congress and expert panel

I Session

Moderators: **Jim Khan** and **Pierpaolo Sileri**

Discussants: **Paola De Nardi, Leonardo Lenisa, Michele Masetti, Gianluca Pellino** and **Pasquale Talento**

09:00 **André D'Hoore**, Current status of laparoscopic and robotic ventral mesh rectopexy: where do we stand?

09:30 **Ugo Grossi**, Indications and diagnostic workup. Do we do too many rectopexy?

10:00 **Andrea Braini**, Which mesh to use?

10:30 **Gabriele Naldini**, Laparoscopic and robotic ventral mesh rectopexy for external and internal rectal prolapse and rectocele: functional outcomes.

Coffee break

II Session

Moderators: **Pantaleo Greco, Leonardo Lenisa, Giuseppe Spinoglio** and **Angelo Stuto**

Discussants: **Francesca Da Pozzo, Gaetano Gallo, Ruby Martinello, Giacomo Sarzo, Mario Testini** and **Alfredo Tonsi**

11:30 **Simona Ascanelli**, Is robotic-assisted ventral mesh rectopexy superior to laparoscopic ventral mesh rectopexy?

12:00 **Angelo Stuto**, Combined robotic mesh suspension procedures for the treatment of complex pelvic organ prolapse: the tailored rectopexy

12:30 **Carlo Ratto**, How to manage complications and recurrence after ventral mesh rectopexy.

Lunch break

14:00

Consensus Conference on "Robotic-assisted ventral mesh rectopexy"

Moderators: **Simona Ascanelli, Danila Azzolina, Nicola de'Angelis, Gaetano Gallo, Ugo Grossi, Francesco Marchigiani, Alaix Martinez-Perez, Gabriele Pavone, Carlo Alberto Schena**

16:30

Final considerations and conclusion

Faculty

Simona Ascanelli, Robotic and Minimally Invasive digestive Surgery, Unit, University Hospital Ferrara, Italy; **Danila Azzolina**, University of Ferrara, Italy; **Paolo Pietro Bianchi**, Department of Surgery Asst Santi Paolo e Carlo, University of Milan, Italy; **Gabriele Bislenghi**, Department of Abdominal Surgery, University Hospitals Leuven, Leuven, Belgium; **Andrea Braini**, Department of General Surgery, Azienda Sanitaria Friuli Occidentale, Pordenone, Italy; **Valerio Celentano**, Department of Surgery and Cancer, Imperial College, London, UK; **Andrea Coratti**, Division of General and Minimally Invasive Surgery, Misericordia Hospital, Grosseto, Italy; **Francesca Da Pozzo**, Policlinico Abano Terme, Padova, Italy; **Nicola de' Angelis**, Robotic and Minimally Invasive digestive Surgery Unit, University Hospital Ferrara, Italy; **Paola De Nardi**, Department of Gastroenterological Surgery, San Raffaele Scientific Institut, Milano, Italy; **Veronica De Simone**, Proctology and Pelvic Floor Surgery Unit, Isola Tiberina-Gemelli Hospital, Roma, Italy; **André D'Hoore**, Department of Abdominal Surgery, University Hospitals Leuven, Leuven, Belgium; **Eloy Espin-Basany**, Department of Surgery, University Hospital Vall d'Hebron, Barcelona, Spain; **Gaetano Gallo**, Department of Surgery, La Sapienza University, Roma, Italy; **Alfredo Genovese**, Division of General and Minimally Invasive Surgery, Misericordia Hospital, Grosseto, Italy; **Pantaleo Greco**, Obstetrics Gynecology Unity, University Hospital Ferrara, Italy; **Ugo Grossi**, Surgery, Treviso Regional-Hospital, Treviso, Italy; **Jim Khan**, Department of Colorectal Surgery, Queen Alexandra Hospital, University of Portsmouth, Portsmouth, UK; **Leonardo Lenisa**, Department of Surgery, Surgery Unit, Pelvic Floor Centre, Humanitas San Pio X, Milano, Italy; **Francesco Marchigiani**, Unit of Colorectal and Digestive Surgery, DIGEST Department, Beaujon University Hospital, University of Paris Cité, Paris, France; **Jacopo Martellucci**, General, Emergency and Mini-Invasive Surgery, Careggi University hospital, Firenze, Italy; **Ruby Martinello**, Obstetrics Gynecology Unity, University Hospital Ferrara, Italy; **Aleix Martinez-Perez**, Department of Surgery, University Hospital Valencia, Spain; **Michele Masetti**, Department of General Surgery, Santa Maria della Scaletta Hospital, Imola, Italy; **Marco Milone**, Advanced Biomedical Sciences Department, Generale Surgery, Federico II University, Napoli, Italy; **Gabriele Naldini**, Proctological and Perineal Surgery, University Hospital of Pisa, Pisa, Italy; **Gaetano Pavone**, Unit of Anesthesia and Perioperative Medicine, "F. Miulli", Regional General Hospital, Bari, Italy; **Gianluca Pellino**, Department of Advanced Medical and Surgical Sciences, Università degli Studi della Campania Luigi Vanvitelli, Caserta, Italy; **Carlo Ratto**, Proctology and Pelvic Floor Surgery Unit, Isola Tiberina-Gemelli Hospital, Roma, Italy; **Giacomo Sarzo**, General Surgery, Azienda Ospedale Università di Padova; **Carlo Alberto Schena**, Robotic and Minimally Invasive Digestive Surgery Unit, University Hospital Ferrara, Italy; **Pierpaolo Sileri**, Coloproctology and Inflammatory Bowel Disease Surgery Unity, San Raffaele Scientific Institute, Milano, Italy; **Giuseppe Spinoglio**, Robotic and Colorectal Surgery, IRCAD, Strasbourg, France; **Angelo Stuto**, Unit of Colonproctology, Policlinico San Donato, Milano, Italy; **Pasquale Talento**, Department of Surgery, Montecchio Pelvic Floor Center, Reggio Emilia, Italy; **Mario Testini**, Department of Precision and Regenerative Medicine and Ionian Area, Unit of Academic General Surgery "V Bonomo", University of Bari, Bari, Italy; **Alfredo Tonsi**, Digestive Diseases Department, Royal Sussex County Hospitals, University Hospitals Sussex, Brighton, UK.
